BRIGHTLINE WEST

3
full-service
stations.

Welcome aboard.

Brightline West will connect Las Vegas and Southern California with the first true high-speed passenger rail system in the nation. This 218-mile, all-electric high-speed rail service will feature three full-service stations: the Las Vegas station and the Victor Valley and Rancho Cucamonga stations in Southern California.

~2 hrs
travel time from
Las Vegas to Southern
California.

2x
faster than the
normal drive time.

200 mph
top speeds.

American Made

10,000+ union jobs during construction and 1,000 permanent operations and maintenance jobs.

Faster

Significantly reduced travel time versus car and air travel.

Greener

Reduction in 400,000+ metric tons of CO₂ each year.

1st true high-speed rail system in the United States

LAS VEGAS STATION

RANCHO CUCAMONGA STATION

VICTOR VALLEY STATION

DID YOU KNOW?

Our station in Rancho Cucamonga will be located directly adjacent to the existing Metrolink San Bernardino Line, allowing for a seamless link to Metrolink's regional service and ensuring car-free, care-free connectivity to downtown Los Angeles and beyond.
